COMPANY PROFILE

Thank you very much for giving us an opportunity to introduce ourselves. We are one of the leading organizations in Fire Protection Systems and related Services.

We have designed and executed various types of Fire Protection Systems right from the conceptual design till up to commissioning and maintenance. The numerous projects executed by us for Government of Pakistan and Foreign Contractors for Oil Fields, Power, Energy and Industrial Sectors as well as Private and Public Sectors are the classic examples for our professional competency. We are specialized in Designing, Supply, Installation, Testing, Commissioning, Servicing and Maintenance of various Fire Protection and Alarm Systems. Our highly qualified and well-experienced team of Engineers is able to Design, Install and Commission the system to meet the requirement of NFPA, FPAP and other Local Authorities. Quality is the first of our company motto.

GLOBAL FIRE PROTECTION is also associated with the most highly qualified companies in the field of Fire Detection and Fire Fighting Systems, i.e.: NAFFCO, GENT BY HONNYWELL, SHIELD U.K., GLOBAL SYSTEM TECHNOLOGY PLC, R.B. PUMPS, GODWIN PUMPS, PANTAIR WATER, UNIWORK, BULDOZER, LEWER and many more.

We not only offer you a product, but we also back-up what we sell with full servicing, maintenance and training options. We have a separate department totally dedicated for Maintenance of Fire Fighting Systems and Equipment. We offer the service of our Engineers and Technicians round the clock (24 hours) for emergency requirements. Further we also undertake annual and half yearly Maintenance contracts, which will ensure the smooth functioning of the various Fire Fighting

ENGINEERING PROFILE

We take this opportunity to introduce as one of the leading companies specialized in the field of Fire Protection Systems and related support starting from Design, Supply, Installation and Commissioning of System.

The key behind success and growth of any Engineering Organization is the Engineering and Project Execution Department. We have qualified Engineers and a well equipped Engineering department. The successful completion of the numerous prestigious projects, both in Government and Private Sectors, throughout Pakistan is attributed to our Engineering and Project Execution Department.

Project Execution is fully managed and supervised by a sell qualified engineer dedicated in the field of Fire Protection.

Besides our Design based on NFPA codes, British Standards, AWWA Standards, which are acceptable by Local Civil Defense Authorities. Drawings are prepared by the latest version of AutoCAD. We have also technical library with all the latest standards and know-how in the Fire Fighting Field.

Therefore, we assure you that the Engineering of GFP will derive the best result to the utmost satisfaction of the client requirements.

I hope your honor should patronize us,

With Best Regards,

IRFAN ASGHAR
CHIEF EXECUTVE

SCOPE OF SUPPLY

GLOBAL FIRE PROTECTION has a wide range of Services and we keep in stock all of the most commonly used items for immediate dispatch. Other more specialized items can be ordered as per your individual requirements with a precise delivery schedule.

Below we have mentioned our lines of Products Supply. If you require an item that is not mentioned below, please ask our sales engineer for assistance.

We also undertake the following services which mostly come as package deal:

- ❖ Hazard Analysis and System Design as per NFPA and/or your specific requirements.
- ❖ Computer generated hydraulic calculations.
- ❖ Engineering work and submittal preparation.
- ❖ Installation of the systems we supply.
- ❖ Testing and commissioning of the systems we install.
- ❖ Maintenance of any Fire Detection or Protection System.

FIRE FIGHTING EQUIPMENT

S. #	COMPANY	COUNTRY	APPROVAL	PRODUCTS
